

CERTIFICATE OF PART QUALITY

Albate, 7/10/2015

According to the paragraph 19 and 20 of the supplementary guidelines for the new EU regulation NR.461/2010 on vertical restraints in agreements for the sale and repair of motor vehicles and the sales of automotive replacement parts from 06/27/2010.

The products of POLIPLAST SRL comply with the requirements for vehicles spare parts, particularly for the use in the context of maintenance and repair in “authorized garages”.

The quality of our original parts is equal to the quality of the components that were used for the construction of the vehicle.

Our products were produced respecting the specification and production standards of the manufacturer.

The qualitatively equivalent spare parts offered by us are qualitatively equivalent as defined in paragraph 20 of the guideline.

This certificate replaces the former certificate referring to the EU regulation 1400/2002 which was exhausted on 05/31/2010.
