Certificate for the quality of parts in accordance with paragraphs 19 and 20 of Supplementary guidelines on vertical restraints in agreements for the sale and repair of motor vehicles and for the distribution of spare parts for motor vehicles of 28th of May 2010.

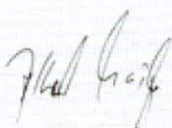

The "KM"- products of KM Auto Technik, Kary&Mangler GmbH comply with the requirements for spare parts for motor vehicles, particularly for the use in the context of repair and maintenance services by "authorised repairers".

Our parts match the quality of the components used for the assembly of the motor vehicle in question and have been manufactured according to the specifications and production standards of the motor vehicle manufacturer. Parts that we offer as matching quality spare parts are matching quality in the sense of the Supplementary guideline, paragraph 20.

ISO quality procedures are applied and regularly monitored to ensure consistency and homogeneity in our products and services.

This certificate replaces the certificate provided for the Motor Vehicle Block Exemption Regulation No. 1400/2002 that expired 31st of May 2010.
